Harborside Owners,

This is to inform you that the Harborside Loan Vote has passed with over 82.5% Ownership percentage.

We will have a more complete count early this week, but wanted to inform all of the vote status this evening.

We thank you all for your participation, and look forward to moving forward. The Trustees have heard your concerns, and we will continue to look for additional cost savings, including alternative approaches to the egress design and construction.

Thanks, Don Nowland (On Behalf of the Harborside Trustees)
