

Harborside Condominiums

Temporary Parking Rules – During D & C Building Project

The re-siding of Buildings D and C and the work on the egress of Building D is expected to extend through the summer and into the fall. Harborside driveways and parking lots will be stressed by construction vehicles, scaffolding, and stored materials.

Accordingly, the following parking rules will go into effect as of **May 1, 2022** and remain in effect until Management notification that construction has reached a point where these rules are no longer required:

- 1) All residents (owners & renters) are permitted to park only one vehicle in the lots (upper & lower) at a time. This applies regardless of the authorized number of parking spaces for their unit(s). Additional vehicle(s) must be parked elsewhere off the property. **Please see the attached map designating parking space locations.** It is the responsibility of the resident to find, secure and as needed pay for offsite parking for vehicles without an assigned space.
- 2) If a resident's assigned space is empty during the working day, a contractor or visitor may park in the assigned space on a temporary basis providing that space is cleared for the resident when requested and by no later than 5 PM. **The resident has priority for their assigned parking space.**
- 3) Residents with a garage or carport will not be assigned an additional outdoor parking space.
- 4) No overnight guest parking will be permitted.
- 5) Only vehicles registered and listed on the Harborside Website will be allowed to park on the property overnight.
- 6) A resident may park a substitute vehicle as long as they:
 - a) Are present at the property,
 - b) Have notified Lesley Management,
 - c) Display a Harborside "Guest" pass, and
 - d) Verify that this is the sole vehicle parked in the lot.
- 7) Vehicles belonging to service employees and companies (including taxi/limo drivers, cleaners, repairmen, and delivery persons) will be permitted to drop off and pickup only.
- 8) Unassigned parking spaces (please refer to the attached map) are available on a first come, first served basis. No overnight parking will be allowed in unassigned spaces.
- 9) If repairs other than the Building D & C need to be carried out, access to the parking lot will be coordinated by Lesley Management. Normally, the unit resident will be expected to give up their assigned space to the contractor in such instances.
- 10) All vehicles shall be parked in a manner so as to not impede access to or from the driveways, garages, carports, the designated parking areas of Harborside residents, and construction access points. Additionally, all vehicles must be parked within the designated parking place lines and comply with the "compacts only" signs.
- 11) **The Trust may levy fines of \$50.00 for each violation of parking rules, and may, if necessary, resort to having violators' vehicles towed at the owner's expense.**

12) All other parking rules in the Harborside Rules & Regulations will remain in effect.

Thank you for your patience, understanding, and cooperation!
